

Yardi Aspire Supports Industry Credentialing & Professional Growth

Support Certifications Seamlessly with Aspire

Professional certifications such as CAM, CALP, CPM and CPA licenses, along with academic degrees and workforce training programs, are crucial for building a skilled team.

Yardi Aspire offers a cost-effective, centralized solution to support and track professional development, seamlessly integrating with your overall learning and development strategy.

With Aspire, you can:

- ✓ Consolidate internal and external training records
- ✓ Upload external training records and documentation
- ✓ Streamline training reimbursement requests
- ✓ Manage enrollment for budgeted learning opportunities
- ✓ Run real-time reports on progress, deadlines and spending

This efficient approach helps teams maintain certifications, recognize achievements, stay organized and encourage ongoing professional growth.

Maintain Credentials with Aspire

Aspire makes it easy and cost-effective to meet continuing education requirements for professional credentials, including NAA, NMHC, IREM and CPA licenses. Submit an Aspire transcript or certificate of completion with your renewal application to fulfill training requirements.

Approved Training for Industry Certifications

Aspire's full course catalog is approved for IREM and NAHMA credential programs. The following content qualifies for Out-of-Network CECs toward NAA credential renewals:

- Federal Fair Housing courses and learning plans
- Role-based challenge courses
- Violence Against Women Act (VAWA) course

Earn CPA CPE Credits Online

Certified Public Accountants can meet CPE credit requirements through NASBA-approved Aspire courses. These self-paced modules are available via Aspire On Demand for 180 days after registration and are free for Aspire users.

Topics include:

- Accounting fundamentals in Yardi
- Data entry accuracy and error correction
- Month-end and year-end processing
- Financial and reporting workflows

Access registration through the Training Schedule on Client Central.
